Alumni Feedback Report

Objective: This report aims to provide comprehensive feedback on the experiences of alumni from our institution. It summarizes insights gathered through surveys conducted with alumni, with the goal of identifying institutional strengths and weaknesses and pinpointing areas for improvement.

Methodology: Data for this report was collected via offline feedback form administered to alumni. These surveys were structured to gather quantitative data on various aspects of their experiences, including curriculum, faculty, infrastructure, and placement opportunities. Respondents were randomly selected from the alumni database, resulting in a response rate of approximately 65%.

Key Insights:

Curriculum: Alumni generally expressed satisfaction with the institution's curriculum but recommended the inclusion of more practical and industry-oriented courses.

Faculty: The majority of alumni appreciated the quality of teaching and mentoring provided by faculty members, although some suggested improvements in faculty approachability and responsiveness to student concerns.

Infrastructure: Alumni rated infrastructure facilities such as the library, laboratories, and classrooms highly.

Placement Opportunities: Feedback on placement opportunities was mixed, with some alumni feeling the placement cell could improve, while others were satisfied with their job placements.

Alumni Network: Alumni rated the institution's alumni network highly and expressed interest in staying connected with the institution and participating in alumni events and activities.

Conclusion: Overall, the feedback indicates that our institution performs well in terms of curriculum, faculty, infrastructure, and alumni network. However, there are areas for improvement, including the incorporation of more practical and industry-oriented courses, enhancement of placement opportunities. Addressing these areas will enrich the overall student experience and better prepare students for their careers.
