F) **Gargi Packing Industries**, the second party is promoted by promoter name Group; Address and background of the Company.
G) Give related information, its branches, and dimensional information about the industry concerned with which MoU is sworn.

CLAUSE 1
CO-OPERATION

Scanned with CamScanner

1.1 Both Parties are united by common interest and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.

1.2 First Party and second party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching/ training systems, keeping in mind the needs of the industry, the Secondary Party.

1.3 The general terms of co-operation shall be governed by this MoU. The Parties shall cooperate with each other and shall as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2
SCOPE OF THE MOU

2.1. The budding graduates from the institutions could play a key role in technological up- gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

2.2. Curriculum Design: Second party will give valuable inputs to the first party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.

2.3. Industrial training & Visits: Industry and Institution interaction will give an insight in to the latest development / requirements of the industries; the second party to permit the faculty and students of the first party to visit its group companies and also involve in Industrial Training Programs for the first party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition.

2.4. Research and Development: Both parties have agreed to carry out the joint research activities in the related fields.

Scanned with CamScanner

2.5. Skill Development Programs: Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.

2.6. Guest Lectures: Second Party to extend the necessary support to deliver +guest lecturers to the students of the First Party on the technology trends and in house requirements.

2.7. Faculty Development Program: Second Party to train the faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.

2.8. Placement of Trained students: Second party will actively engage to help the delivery of the training and placement of students of the First Party into internship/ jobs; and will facilitate placements for the priority of the students.

2.9. Both parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the programmes on the terms specified herein.

2.10. There is no financial commitment on the part of the **Gargi Agriculture Research and Training Institute**, the First party to take up any programme mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3
INTELLECTUAL PROPERTY

3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppels or otherwise, create in either party and right, title , interest on license in or to the intellectual property (including but not limited to know- how, inventions , patents copy rights and designs) of the other party.

CLAUSE 4
VALIDITY

4.1 This Agreement will be valid for 2 years or until it is expressly terminated by either party on mutually agreed terms, during which period **Gargi Packing Industries**, the second party as the case may be, will take effective steps for implementation of this MOU. Any act on the part of training partner or Gargi Packing Industries, the second party after termination of this agreement by way of communication, correspondence etc. shall not be construed as an extension of this MOU.

CLAUSE 5
RELATIONSHIP BETWEEN THE PARTIES

Scanned with CamScanner

5.1. It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construct as a partnership. Neither party is authorized to use the other party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other party, without the prior written consent of the other party. Neither party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

First Party Second Party

Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration act, 1966. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of Nashik.

Gargi Agriculture Research & Training Institute – G.A.R.T.I.

G.A.R.T.I. is Asia's first Wine Technology Research and Training facility. Established in 2006 to meet the training requirements of India's rapidly growing wine industry, G.A.R.T.I. offers diploma, degree and post graduate courses in wine technology and has a current enrolment of 200 students.

G.A.R.T.I. is affiliated to Pune University and M.S.B.T.E. whose wine technology courses are taught to international standards. G.A.R.T.I. also has established collaborations with Fatoria Zerbina (Italy) and Intervitus (Germany).

Industry Links

Through its program of visiting experts, G.A.R.T.I. has established links with the wine industries of France, Italy, Germany, U.S.A. and Australia. These guest lecturers conduct seminars and workshops in viticulture and wine testing.

Winery Based Student Practicums

During 2007 and 2008 G.A.R.T.I. has placed 60 students in wineries in Italy and Germany to successfully complete their industry based work experience.

In 2009 G.A.R.T.I. hopes to place between five and thirty students on work experience in the Barossa Valley, South Australia in order to trial the feasibility of placing student with Australian wine growers on a regular basis.

Australian Government Requirements

The Australian Government Department of Education, Employment and Workplace Relations requires that all training providers be either an approved registered training organization or affiliated with an approved registered training organization.

Provider Registered Integrated Student Management

Approved registered training organizations in Australia are able to access the P.R.I.S.M. This program facilitates the entry and management of international students prior to and during their stay in Australia.

P.R.I.S.M. interfaces with all pertinent Australian Government departments and facilitates the passage of international students through Australian bureaucratic requirements.

Affiliation

It has been suggested that G.A.R.T.I. investigate the possibility of affiliating with I.C.F.A.I., an approved registered training organization which is already placing students from India in Australia for industry based work experience.

Scanned with CamScanner

This institute has an approved registered branch campus in Adelaide.

Working Relationships

G.A.R.T.I. has already established a working relationship with the Barossa Valley wine industry through Barry White, owner/operator of Gomersal Wines in Tanunda, South Australia.

Gomersal Wines has indicated an interest in accepting and/or facilitating the placement of an initial five students from G.A.R.T.I. on work experience in the Barossa Valley.

Information – Icfai University, Hyderabad

Icfai to set up campus in South Australia

BS Reporter / Chennai/ Hyderabad March 17, 2008

The Icfai University has entered a memorandum of understanding (MoU) with the state of South Australia to set up its campus at Adelaide.

Initially, the university is planning to launch postgraduate management programmes in a leased space in Adelaide this year before setting up a full-fledged campus with other courses over a period.

The MoU was signed by the visiting South Australia premier Mike Rann and Icfai University chairman Subhash Sarnikar here on Saturday.

Rann said higher education was among the countless other areas that his country wanted to forge closer relations with India.

A unique feature of the MoU is the possibility for Icfai University to tie up with the existing state universities in South Australia to offer dual degrees. The students would spend a year in the Icfai campus in Adelaide and the second year at an existing university.

In the process, they get degrees or diplomas from both the universities, according to Subhash Sarnikar.

He said the level of investment going into the campus and the facilities that would possibly be extended the South Australia government were yet to be worked out.

Scanned with CamScanner

G) Give related information, its branches, and dimensional information about the industry concerned with whom MoU is sworn.

CLAUSE 1
CO-OPERATION

1.1 Both Parties are united by common interest and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the institution and its related wings. The Partiesshall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.

1.2 First Party and second party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching/ training systems, keeping in mind the needs of the industry, the Secondary Party.

1.3 The general terms of co-operation shall be governed by this MoU. The Parties shall cooperate with each other and shall as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2
SCOPE OF THE MOU

2.1. The budding graduates from the institutions could play a key role in technological up- gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

2.2.Curriculum Design: Second party will give valuable inputs to the first party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.

Scanned with CamScanner

2.3.Industrial training & Visits: Industry and Institution interaction will give an insight in to the latest development / requirements of the industries; the second party to permit the faculty and students of the first party to visit its group companies and also involve in Industrial Training Programs for the first party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition.

2.4.Research and Development: Both parties have agreed to carry out the joint research activities in the fields of good Quality Wine making.

2.5.Skill Development Programs: Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.

2.6.Guest Lectures: Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.

2.7. Faculty DevelopmentProgram: Second Party to train the faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.

2.8. Placement of Trained students: Second party will actively engage to help the delivery of the training and placement of students of the First Party into internship/ jobs; and will facilitate placements for the least _____ percentage of the students. The Second Party will itself absorb at least _____percentage of the trained students.

2.9. Both parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the programmes on the terms specified herein.

2.10. There is no financial commitment on the part of the **GargiAgricultureResearch and Training Institute**, the First party to take up any programme mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

Scanned with CamScanner

CLAUSE 3
INTELLECTUAL PROPERTY

3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either party and right, title , interest on license in or to the intellectual property (including but not limited to know- how, inventions , patents copy rights and designs) of the other party.

CLAUSE 4

VALIDITY
4.1 This Agreement will be valid until it is expressly terminated by either party on mutually agreed terms, during which period **GOODDROP WINE CELLAR**, the second party as the case may be, will take effective steps for implementation of this MOU. Any act on the part of training partner or Gooddrop Wine Cellar, the second party after termination of this agreement by way of communication, correspondence etc. shall not be construed as an extension of this MOU.

CLAUSE 5

RELATIONSHIP BETWEEN THE PARTIES
5.1. It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construct as a partnership. Neither party is authorized to use the other party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other party, without the prior written consent of the other party. Neither party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

First Party Second Party

Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration act, 1966. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of Nashik.

MEMORANDUM OF UNDERSTANDING ON

EDUCATION COOPERATION BETWEEN

AND THE FRI.SA.LI. GROUP OF HIGH SCHOOLS, ITALY

GARGI AGRICULTURE RESEARCH AND TRAINING INSTITUTE NASHIK (INDIA)

BACKGROUND

and schools from Friuli-Venezia Giulia, Sardegna and Liguria, Italy, share a common interest in developing and creating cooperative partnerships, with the objective of promoting internationalisation, and educational, social, cultural and linguistic development amongst the schools.

The Parties from both sides have been twinned as follows:

- - Istituto d'Istruzione Superiore "Paolino d'Aquileia", Cividale del Friuli
- - Convitto Nazionale "Paolo Diacono", Cividale del Friuli
- - Istituto Tecnico Industriale " Arturo Malignani",Udine
- - Istituto Tecnico Commerciale Turistico e Geometri "S.Satta",/ Macomer I.I.S G.A Pischedda BOSA
- - Convitto Nazionale "C. Colombo" Genova
- - Scuola Statale Italiana Atene (GREECE)

The Italian schools will be known as Fri.Sa.Li.

THE PARTIES AGREE AS FOLLOWS:

1. Interpretation

"MOU" means this document called a Memorandum of Understanding and all Appendices to this document.

"Parties" means Gargi Agriculture Research and Training institute,Nashik. (GARTI) and the Fri.Sa.Li. High schools in Italy and their employees or their duly authorised agents.

Scanned with CamScanner

"Project" means the projects described in the Appendices to this MOU.

"Person" includes natural persons, corporations and other entities recognised by law.

2. Scope

2.1 This MOU shall not create a legal relationship between the Parties.

2.2 This MOU shall outline the collaborative arrangements between the Parties in relation to the operation of the projects they undertake and attached as Appendices to this document.

3. Term

3.1 This MOU shall commence in the school year 2011 and remain in place until terminated in 2014.

4. Objectives and Principles

4.1 The objective of this MOU is to establish collaborative projects of mutual interest in schools and other education institutions in order to further mutual understanding and co-operation between the Parties.

5. Forms of Collaboration

5.1 Collaboration between the Parties may take several forms, such as, but not limited to a:

- sharing of educational expertise, ideas, information, skills and techniques;
- professional development (PD) programs providing opportunities for the development of curriculum and cultural knowledge, skills and understanding;
- dissemination of professional knowledge and experience;
- exchanges of personnel.

Scanned with CamScanner

6. Appendices

6.1 Appendices of this MOU describe the particular projects which form the substance of this MOU. Other jointly agreed projects may be added from time to time, and shall be subject to the general terms of this MOU. Within the Appendices the Parties will develop specific and detailed Project Plans with regard to the projects describd. These Project Plans will specify, in

6.1 respect of each project, the basic terms and conditions, objectives and principles, term of agreement, respective responsibilities, activities, timelines, termination provisions, program co-ordination, costs and allocations, reporting requirements, intellectual property issues, procedures for resolution of disputes and any other specifics deemed necessary by the Parties to effectively achieve the desired outcome and relationships of those projects.

6.2 Once agreed to and signed by the Parties, Project Plans will form appendices to this MOU and shall be subject to the general terms of this MOU unless otherwise specified in writing.

7. Termination

7.1 This MOU may be terminated by either Party giving thè other Party, in writing, six months notice to terminate, or sooner upon mutual consent of thè Parties.

7.2 Termination of this MOU shall not affect the validity or duration of any projects agreed to and commenced under this MOU, unless otherwise agreed between the Parties in writing.

8. Amendment

8.1 Any amendments to this MOU shall be in writing and signed by the Parties or their duly authorised agents.

9. Contacts

9.1 ,The Gargi Agriculture Research and Training institute, Nashik (GARTI) and the Fri.Sa.Li. group of schools shall each nominate an officer to manage the day-to-day business of this MOU. All Communications between the Parties and their agencies concerning this MOU shall be between the nominated contact officers.

9.2 In addition, the contact officers shall:

(a) maintain an ongoing dialogue on the direction of opportunities for mutually beneficial collaboration;

Scanned with CamScanner

(b) facilitate the development of possible new collaborative projects and select and recommend worthwhile projects to the Parties for implementation under this MOLI;

(c) jointly develop processes for monitoring, reviewing and reporting on progress and outcomes to the Parties, in particular an overall review to be held during the second year of this MOU; and

(d) make recommendations to the Parties relating to the MOU and its future development.

9.3 Annual strategic and operational planning occur between the Parties to establish a direction for the relationship and develop specific collaborative projects for each school year. The annual projects are to be attached as Appendices.

10. Administration

10.1 Each Party shall be responsible for meeting its own costs in respect of administering the relationship.

10.2 The Parties' support for a given project shall be subject to the availability of funds and to the relevant policies, laws and regulations applicable to each Party.

10.3 This agreement will operate within the limits of both Parties' financial, material and personnel capabilities.

10.4 In so far as possible, any financial obligations associated with each collaborative project shall be clearly stated in thè relevant Appendices to this MOU, and shall identify thè breakdown to each Party.

10.5 Any changes to thè financial responsibilities in relation to an approved collaborative project will be agreed upon by both Parties in writing.

11. Intellectual Property

11.1 As a matter of general principle, the Parties shall use their best endeavours to ensure the protection of all intellectual property relevant to agreed projects.

11.2 Intellectual Property generated from joint projects shall be shared between the Parties according to their contribution to the work that generated the intellectual property.

Scanned with CamScanner

11.1 As appropriate, each project plan shall state in detail the arrangements with regard to the ownership, protection and use of intellectual property, including the rights of the Parties in regard to the application of intellectual property after completion of the project.

11.2 Any publication (electronic or otherwise), presentation, training program, display, website, etc that results from work done as a consequence of this document shall make reference to the Parties and this MOU.

12. Resolution of Disputes

12.1 Any differences or disputes which may arise between the Parties relating to any matter under this MOLI shall be settled by consultation and negotiation, or, failing that, through mediation by a mutually agreed upon third party.

13. Other Agreements

13.1 This MOU is without prejudice to co-operation which may be undertaken pursuant to other agreements between the Parties.

14. Future Memoranda of Understanding

14.1 Officers of the two Parties will negotiate future Memoranda of Understanding during the second half of 2014.

14.2 The MOU will be signed offshore by each Principal in both Parties.

14.3 Reciprocal financial arrangements will be open for discussion on an annual basis.
