6.	Name of Program	Field Visit
	Date	26/11/2022
	Number of Participants	25

We organised Field visit on 26 Nov., 2022. 27 students with 4 lecturers went for a field visit to seven peaks winery with an aim to visit the winery and its marketing department for subject marketing of alcoholic beverages. We arrived there at 11:30 AM as planned and met mr. Swapnil Metkar who is a head wine maker over there.

We were guided by a tour by host Mr. Swapnil Metkar who explained in details about the product labelling. During the tour, we jotted down some notes and interviewed the host about how the local products could be marketed overseas. The question and answers session between students and the host took about an hour. Our host also guided us about how winery works and showed all the departments of winery.

Students learned various things about wineries and also how winery owners are encouraging local employment by involving local youth in labeling and other departments. The conduciveness of the environment of the university helped us learn more on product branding which could help students to apply in future especially for those who are interested in business.
